These represent general topics from the test. The numbers in parentheses represent the chapters the material comes from. Many of the questions are based upon primary sources or other visual displays or text readings. It will help for you to have a general background on these topics. I strongly advise you to spend some time reviewing. **You are allowed 1 page (2 side) of notes to use on this exam.** There are no essay or written response questions. There will be 5 extra credit questions.
